#### GOLDEN WEDDING CELEBRATION.

The 50th anniversary of the wedding of Mr. and Mrs. R. T. Hall was observed last Tuesday evening. The couple have been married one week earlier but it had never been known this week before. Mr. and Mrs. Hall were married 50 years ago the 15th of March, 1838. They now live in Dummerston, which was a well known town in Vermont and had at that time, and for many years after, a wide reputation; in fact it was used as a stopping place in a place where the Woods and Woodsbury stages met and changed horses until the railroad took the place of staging. Mr. Hall owned the theater stage from Dummerston to Brattleboro, some time, making the trip from Dummerston to Brattleboro and back daily most of the time, in all these years only losing a very few days.

The distance from Dummerston to Brattleboro and back is 31 miles, making a day's run, in addition to the 14 years, about 100 miles. In addition to this Mr. Hall has about nine miles on other roads. Mr. Hall reports he had day carrying 60 passengers. He left on his railroad village longer than ever living and dying in it, and remained there until his death in 1874. When he died he left behind him a wife, his son, and a daughter, who are now presented by Rev. C. H. Smith, S. D.
